PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS: – CAUTION

Causes moderate eye irritation. Harmful if absorbed through skin. Avoid contact with skin, eyes, or clothing. Wash thoroughly with soap and water after handling.

FIRST AID

Call a poison control center or doctor for treatment advice.

If in eyes:	<ul style="list-style-type: none"> • Hold eye open and rinse slowly and gently with water for 15-20 minutes. • Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
If on skin or clothing	<ul style="list-style-type: none"> • Take off contaminated clothing. • Rinse skin immediately with plenty of water for 15-20 minutes.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-800-347-8272 for emergency medical treatment information.

ENVIRONMENTAL HAZARDS

Do not apply to water that drains into public waterways

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Introduction: Using Pre-Strike[®] Mosquito Torpedo[®] (Mosquito Torpedo[®]) is an easy and effective way to kill developing mosquitoes in standing water before they become breeding, biting adults. With just one bite, adult mosquitoes may transmit West Nile virus and other viruses that can cause encephalitis in both people and animals. They may also transmit heartworm disease to dogs and cats. Mosquito Torpedo[®] slowly and continuously releases an Insect Growth Regulator into water that prevents adult mosquito development for up to 9 weeks. For larger sites requiring application of 2 treatments, an additional package will be required for 180 day control. Mosquito larvae exposed to treated water will die in the pupal stage before they reach adulthood.

How to Apply: Simply place Mosquito Torpedo[®] in standing water sites* where mosquitoes may breed. Remove only enough product from the package for immediate use. For best results, apply before the beginning of the mosquito season, and continue as directed below in the Application table.

*Use in New York and Connecticut is only in contained sites that do not runoff to public waters.

Application Site Size			Application Rate	Frequency of Application
Sq Ft	Gallons Water	Depth		
< 100	< 1500 (may periodically dry out)	< 2 ft	1 Mosquito Torpedo®	Reapply when product has dissolved.
< 100	< 1500 (does not dry out)	< 2 ft	1 Mosquito Torpedo®	Reapply on 60 day cycle throughout mosquito season.
> 100	> 1500	> 2 ft	2 Mosquito Torpedoes	Reapply on 60 day cycle throughout mosquito season.

Application Sites: Mosquito Torpedo® controls mosquitoes in water-holding receptacles and standing water sites around your home. Apply this product as a preventative measure (pre-flood treatment) to application sites before they fill with water. Mosquito Torpedo® may also be used in sites that intermittently fill with water or may flood after rain. Mosquito Torpedo® will begin releasing its active ingredient into water as soon as it becomes wet, and will remain effective for up to 9 weeks when continuously immersed in water. Do not apply to water that may drain into public waterways, such as streams or lakes. Examples of application sites include, but are not limited to:

- Bird baths
- Water gardens
- Roof gutters
- Old tires
- Pool covers
- Ornamental fountains
- Flowerpots or planters
- Urns
- Unused swimming pools or spas
- Tree holes
- Rain barrels
- Garbage cans
- Wheelbarrows
- Privately-owned ponds*
- Flooded areas
- Animal watering troughs
- Man-made depressions
- Any other water-holding container
- Standing water in your yard

*Not in New York and Connecticut

STORAGE AND DISPOSAL

Storage: Store in cool, dry place. Disposal: If empty: Do not reuse this container. Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

For non-emergency information (e.g., current product information), call Central Garden & Pet Company at 1-800-347-8272.
